

Vandal Layer Film

Protect your passenger windows, windscreens & monitors

Reduce Maintenance Costs
Improve Passenger Experience
Extend Asset Life

Available in **1-Layer**, **2-Layer**, and **4-Layer** configurations, **INPS Vandal Layer Films** act as a sacrificial protective barrier that absorbs damage from graffiti, scratchiti and everyday wear. When the exposed surface becomes damaged, the affected layer is simply removed, revealing a fresh optically clear surface beneath.

OPTIONS	MATERIAL SPECIFICATION	BRAND	COST	BENEFITS
	3M Single Layer Film S70	3M	\$	Economical protection for lower-risk locations
	INPS Two Layer Film INPS-2LF	INPS	\$\$	Low to medium-risk locations

Stepped Edge Technology

Stepped Edge is typically found in the top right hand corner. Steps indicate how many layers. Use the pick to start the release on the edge and pull once it's started.

- Low profile and low visibility, **most riders do not even notice or see the Stepped Edge.**
- Top right corner or furthest point from riders
