TRANSIT

Celebrating 60 Years of Transit Innovation

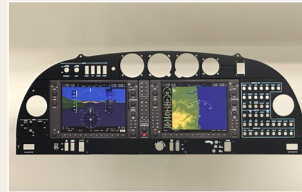

EXTERIOR LIVERY

INPS manufactures high-quality exterior graphics for the transit industry, from full vehicle wraps and fleet branding to safety decals and striping.

BRAILLE SIGNAGE & DECALS

Polycarbonate embossed braille signage with 3M adhesive.

CONTROL PANELS

Panels are custom manufactured to achieve the best results for each Cab Enclosure. Fire retardant and scratch resistant exterior provides for a clean, new-looking finish. Optional embedded LED backlighting.

ADVERTISING FRAMES

Made from durable aluminum extrusions. Custom sizes, round or square corners and no tooling required.

GLASS PROTECTION FILM

Keep your windows clean and maintain your professional image by applying 4 layer, 2 layer or single layer film. Featuring 3M™ Scotchgard™ Multi-Layer Protective Film 1004.

DECORATIVE WALL GRAPHICS

INPS uses 3M films to create stunning graphics on interior walls and windows. We use 3M™ DI-NOCT™ Architectural Finishes and 3M™ FASARA™ Glass Finishes.

FIBER-REINFORCED PLASTIC

Fiberglass is able to be molded in various complex shapes ideal for interior solutions.

THERMOFORMING

INPS thermoforms wall panels, window panels, stairwell panels and seat shrouds for train interiors.

EXTRUDED PRODUCTS

INPS offers extruded aluminum and various plastic and rubber products. We offer both stock and custom extrusions which meet Fire, Smoke and Toxicity requirements.

STAIR & STAIRWAY MARKINGS

INPS fabricates fiberglass stairwells and is capable of building custom solutions to suit any railcar. INPS offers Anti-skid/Anti-slip resistant solutions for stair safety and LLEPM solutions.

HPPL LLEPM

Firefly Low-Level Exit Path Markings (LLEPM) products are manufactured using the highest quality materials in terms of durability and safety. They are suitable for new or existing rubber, carpet floor coverings and walls.

HPPL LLEPM

Firefly Low-Level Exit Path Markings (LLEPM) products are manufactured using the highest quality materials in terms of durability and safety. They are suitable for new or existing rubber, carpet floor coverings and walls.

FRANGIBLE PANELS

INPS manufacturers custom covers for fire extinguishers, first aid kits, emergency tool kits and door access.

STATION & PLATFORM SIGNAGE

INPS offers comprehensive wayfinding solutions for stations and platforms.
